Rosemont ROSES

FRONT COVER COLLECTION

*One plant of each of
these 4 Select Roses*

\$1.65

POSTPAID

Mme. Nicolas Aussel

A beautiful Rose both in bud and open bloom. The bud is tinged salmon and carmine; the open flower is a blending of orange and salmon-pink, and is lightly fragrant. Awarded Gold Medal at the Exposition of Lyons, France, in 1930. Best-grade, 2-yr. plants, 50 cts. each, \$5 per doz., \$17.50 for 50 plants, postpaid.

Priscilla

Note the contrast of the soft rose-pink of the outer petals with the deep pink center—isn't it a beautiful flower? The blooms are very large, carried on long stems, and you will find it a splendid Rose for cutting. Best-grade, 2-yr. plants, 50 cts. each, \$5 per doz., \$17.50 for 50 plants, postpaid.

Priscilla

Ami Quinard

The soft old-rose fragrance makes this Rose doubly delightful. The buds open into large, velvety maroon-crimson flowers with a blackish luster. The plant is almost as vigorous as Radiance. A splendid dark-colored variety. Best-grade, 2-yr. plants, 35 cts. each, \$3.50 per doz., \$12.50 for 50 plants, postpaid.

Margaret Belle Houston

Since the introduction of this Rose in 1929, it has been one of our most popular red varieties. The full, double blooms, carried on long stems, are a glowing, rich, velvety crimson. We know you will like it. Best-grade, 2-yr. plants, 60 cts. each, \$6 per doz., \$22.50 for 50 plants, postpaid.

ROSEMONT NURSERIES • Tyler • Texas

Here Are Simple Hints for Growing Prize-Winning Roses

Time to Plant. We advise fall planting when and where possible. You should be guided by climatic conditions in your section and the experience of successful local gardeners. We usually begin shipping about October 1 and continue until April 1, but find late spring plantings do not survive the first summer as well as the earlier plantings.

Any good soil, in a sunny location, and away from trees and shrubbery, is right for Roses. The soil should be spaded or plowed deeply, and all plant-food placed as far down as possible or broadcast on top of the bed. Manure should not come in contact with the roots.

Rosemont Roses are pruned ready for setting—they will not need further pruning the first season. If roots should be broken in packing, cut them off before planting.

Make the hole deep, and be sure that the plant is set low enough so that the bud-union will be at least 2 inches below the top of the soil, and the roots spread as shown in the illustrations at bottom of this page. Pack the soil tightly around the roots, but leave the top-soil slightly loose to act as a mulch and to retain moisture. If fertilizer is required on the surface, spread it carefully and work into the top-soil, but avoid having fertilizer or plant-foods in direct contact with the roots.

Should watering be required in dry weather be sure to soak the soil thoroughly. A light sprinkling is almost useless. Good cultivation and loose top-soil, or a mulch of peat moss, is surely as important as watering.

Mildew and black-spot may be controlled with a mixture of 9 parts dusting sulphur to 1 part arsenate of lead, applied weekly with a dusting-gun or muslin bag.

When cutting the blooms, be sure to let two leaves remain on the branch. (See illustration.)

We cannot control cultivation, soil conditions, or moisture; therefore we regret to say that

**We Cannot Guarantee
the Plants to Live**

Roses from the Center of America's Great Rose Industry

A PERSON who has not seen the Rose fields around Tyler has little idea of the size of the industry. Millions and millions of plants are produced here; thousands of people are employed in the industry. The plants are shipped to all parts of the country—to Maine, to California, to Canada, and all the territory in between.

The size of the industry and the sales area prove definitely that "Texas Roses are good Roses." Naturally, there are degrees of goodness in Roses, as in people. So we say that Rosemont Roses provide the foundation for a satisfactory Rose-garden. Skilled production, critical selection of varieties, accurately graded plants, and careful packing mean that Rosemont Roses please our customers.

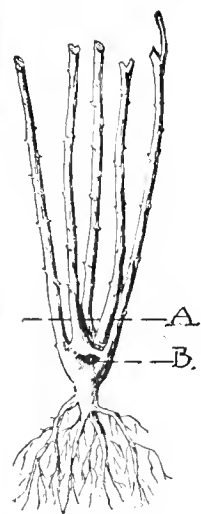

No matter what Rose enthusiasts say about getting results from Roses, the plants are the first thing to consider and study. The plants are both foundation and superstructure of the successful garden. Poor soil can be replaced or fertilized; proper drainage can be supplied; insects and diseases can be controlled. But weak, stunted, store-dried plants are always a disappointment. No amount of cultivating or coddling will make them into strong-growing and free-flowering Rose bushes. You can grow fine Roses without difficulty. It is not a tiresome task. Begin with Rosemont plants, follow the simple instructions given on this page—and you will have Roses.

Our Guarantee

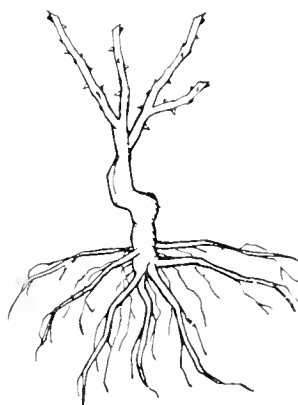

We guarantee to deliver our Roses to you in first-class growing condition, and that they are true to label. Should you receive a Rose plant from us which proves to be untrue, we will replace same without cost to you. We have no control over the forces of nature and the care plants will receive; hence we cannot guarantee them to live.

Rosemont Roses have bloomed profusely one year before being shipped to you; with proper care they will begin blooming early the first summer.

PLEASE NOTE. We do not prepay transportation charges on orders amounting to less than \$1.50. Purchaser must pay such charges. Get your friends and neighbors to club with you and obtain the better rate for large orders. Good dependable Roses cannot be bought cheaper.

Rose Gardeners, Take Notice!

THIS is the season to plant Roses. The time is favorable, and prices have never been more reasonable. It takes two years to grow a first-class Rose plant such as we send to our customers. During the past two years weather and growing conditions have been very kind to our plants. As a result, they are in excellent condition and ready for planting at this time.

The Crop of Roses Is Sure to Be Short in the Fall of 1937 and the Spring of 1938

East Texas experienced several weeks of dry weather in the spring of 1936. It did not injure the present stock of plants, but it will affect the quantity of plants available for the fall of 1937 and spring of 1938. We estimate a shortage of at least 75 per cent for those two seasons. Such conditions will affect prices—they will go up. There is every reason to believe that prices in 1937 and 1938 will advance not less than 50 per cent, and possibly more. Therefore buy your Roses and make your garden now, while we are in a position to supply best-grade plants at the reasonable prices quoted in this Catalogue.

Cherokee Roses **Colorful Beauties Through All the Southern States**

Where in the world do the Cherokee Roses grow as they do in the South? Here they thrive and bloom to perfection. A southern garden needs the Cherokees to complete its character and color.

ANEMONENROSE. Pink Cherokee; Anemone Rose. Single, shining silvery pink blooms carried for three or four weeks, and intermittently thereafter. Excellent, strong-growing plant.

RAMONA. Red Cherokee. Bright carmine-crimson blooms.

ROSA LÆVIGATA. The old familiar White Cherokee Rose. The fragrant, pure white flowers, 2½ to 3½ inches across, are borne all summer, and may be naturalized on banks or walls. Not hardy in the North.

WHITE BANKSLÆ. A climbing Rose that belongs in the South. The flowers, about an inch across, are carried in clusters in May and June.

YELLOW BANKSLÆ. Lady Banks. A companion to White Banksie. Neither variety is hardy in the North.

All Cherokee Roses, in 2-yr., heavy plants, are offered at 60 cts. each, \$6 per doz., \$22.50 for 50 plants, postpaid

Pink Cherokee Roses

These Two Pages Present the

Three or more Patented Roses, all of one variety, or assorted, may be purchased at the dozen rate. No further discounts will be allowed on Patented Roses.

Better Times. Plant Patent No. 23

A sport of the popular Briarecliff, but with bright cerise-pink flowers, carried on long stems. The buds are long-pointed and handsome in themselves. The blooms are large, double, and delicately scented. The plant is a vigorous, upright grower. Best-grade, 2-yr. plants, \$1.25 each, \$12.50 per doz., postpaid.

©

Feu Pernet-Ducher

Feu Pernet-Ducher. Plant Patent No. 103

A new yellow Rose that is good from June to frost. It flowers freely in August when most other Roses are resting. The orange and carmine buds open into beautiful yellow blooms that have a slight pink flush. Late in the season the color is much darker. Tall, strong-growing plants. Best-grade, 2-yr. plants, \$1.50 each, \$15 per doz., postpaid.

Blaze. Plant Patent No. 10

A vigorous climber resulting from a cross between Paul's Scarlet and Gruss an Teplitz. The color is a brilliant red, somewhat like Paul's Scarlet. The blooms are in clusters, borne freely in June, and intermittently during the remainder of the season. Best-grade, 2-yr. plants, \$1 each, \$10 per doz., postpaid.

Warrawee

Warrawee. Plant Patent No. 140

An Australian Rose, quickly adopted by American gardeners to their pleasure and profit. Salmon-pink buds become large flowers, often over 4 inches across, which are a dainty shell-pink color, with a darker tone on the reverse of the petals. The fragrance is much like the old clove pink. Best-grade, 2-yr. plants, \$1.25 each, \$12.50 per doz., ppd.

Mary Hart. Plant Patent No. 8

A sport of the famous Talisman, with all the good qualities of that variety. The color is rich, glowing maroon-red—you might call it a red Talisman. The blooms are double, intensely fragrant, and borne on reasonably long stems. The foliage is deep green, and seldom affected by diseases. Best-grade, 2-yr. plants, \$1 each, \$10 per doz., ppd.

©

Mary Hart

Popular Patented Roses

Mme. Cochet-Cochet. Plant Patent No. 129

Introduced by the noted French grower, C. Mallerin, and a winner of the coveted Bagatelle Gold Medal—facts that bespeak the value of this Rose. In color the bud is coppery pink, with a flush of orange; as the bud expands into a broad bloom the orange tone changes to a golden hue, then to soft pink as the flower ages. Has a sweet fragrance. Best-grade, 2-yr. plants, \$1.25 each, \$12.50 per doz., postpaid.

Mme. Cochet-Cochet

Countess Vandal

Countess Vandal. Plant Patent No. 38

The Countess came from Holland, bringing with her the sturdiness and royal charms of the Netherlands. The color is a combination or blending of gold, copper, and salmon, difficult to describe and difficult to picture. Countess Vandal is a royal Rose and well worth a place in your garden. Best-grade, 2-yr. plants, \$1 each, \$10 per doz., postpaid.

Texas Centennial. Plant Patent No. 162

Here is a Rose that holds its color under a hot sun better than any other variety we know. The bud is long and slender, but opens to a large, moderately fragrant flower, borne on a strong, erect stem. When the bloom opens, the color is a bright vermilion-red with a tint of gold at the base of the petals, but as it ages the color gradually changes to a deep, rich pink. It really is an outstanding Rose. Best-grade, 2-yr. plants, \$1 each, \$10 per doz., postpaid.

Nigrette. Plant Patent No. 37

Attained fame and publicity as "The Black Rose of Sangerhausen." The originator says it is the darkest of all Roses, appearing almost black in cool seasons. The petals have a velvety sheen, and form a double bloom that lasts for several days. Plant is upright and flowers freely. Best-grade, 2-yr. plants, \$1.50 each, \$15 per doz., postpaid.

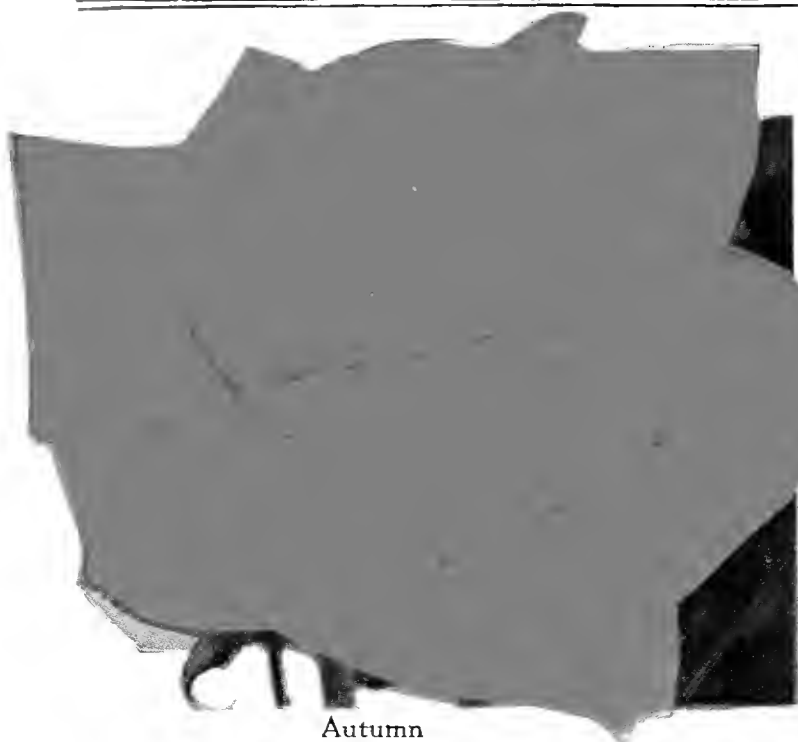

Souvenir. Plant Patent No. 25

In six years' time Souvenir has become one of our most popular yellow Roses. The color at times has a slight suffusion of pink, which adds to the beauty of the bloom. The flowers, carried on long stems, are produced in large numbers on a plant that is vigorous in habit. Best-grade, 2-yr. plants, \$1 each, \$10 per doz., postpaid.

Texas Centennial

Rosemont's Selection of

Autumn

AUTUMN. HT. In color the bud is burnt-orange, opening into a bloom that carries the same color with streaks of red, and which is moderately fragrant. The plant is upright in growth, with glossy, leathery foliage, and is a free and continuous bloomer. Best-grade, 2-yr. plants, 50 cts. each, \$5 per doz., \$17.50 for 50 plants, postpaid.

BETTY UPRICHARD. HT. The flowers are large, both semi-double and double, and extremely fragrant. The color is salmon-pink, with the reverse of the petals carmine and copper. Several blooms are borne on one long stem. The foliage is light green and extremely glossy. Best-grade, 2-yr. plants, 35 cts. each, \$3.50 per doz., \$12.50 for 50 plants, postpaid.

BRIARCLIFF. HT. One of the modern varieties in which the flowers are very large, often 4½ inches across, moderately fragrant. The blooms are rose-pink at the center, passing to a lighter shade on the outer petals and carried singly on long stems. Best-grade, 2-yr. plants, 35 cts. each, \$3.50 per doz., \$12.50 for 50 plants, postpaid.

BRIDESMAID. T. A dainty bud opening into a tea-scented, clear pink bloom, borne on a long, strong stem. The flowers are large and are carried in large numbers during the entire

season. Best-grade, 2-yr. plants, 60 cts. each, \$6 per doz., postpaid.

CALEDONIA. HT. A very pretty white Rose with double, high-centered, fragrant blooms carried singly on strong stems. Plant blooms continuously, and has leathery, dark green foliage. Best-grade, 2-yr. plants, 35 cts. each, \$3.50 per doz., \$12.50 for 50 plants, postpaid.

CHARLES K. DOUGLAS. HT. A flaming scarlet flower flushed with velvety crimson develops from a large, long-pointed bud. Foliage dark green and disease-resistant. Best-grade, 2-yr. plants, 35 cts. each, \$3.50 per doz., \$12.50 for 50 plants, postpaid.

CHARLES P. KILHAM. HT. The color, which is Oriental red-orange, is suffused with scarlet and becomes a brilliant red as the flower ages. Usually there is a faint tea odor to the blooms. Strong, bushy growing plant. Best-grade, 2-yr. plants, 60 cts. each, \$6 per doz., \$22.50 for 50 plants, ppd.

CONDESA DE SASTAGO. HT. The bud resembles a ball of gold with bright red stripes. When fully opened the inside of the petals is fiery copper while the reverse is deep gold. The colors are exceedingly brilliant, making the plant outstanding in any group of Roses. Best-grade, 2-yr. plants, \$1 each, \$10 per doz., postpaid.

DAME EDITH HELEN. HT. Very large, high-centered flowers with recurving petals, of pure glowing pink. The blooms are borne singly on long stems and are intensely fragrant. A bushy, upright plant. Best-grade, 2-yr. plants, 35 cts. each, \$3.50 per doz., \$12.50 for 50 plants, postpaid.

DIRECTOR RUBIO. HT. In color the blooms are cochineal-pink, a color that seems not to fade even in hot sun. The blooms are exceedingly large, possibly the largest blooms in the Hybrid Tea class. Slightly fragrant. Best-grade, 2-yr. plants, 50 cts. each, \$5 per doz., \$17.50 for 50 plants, ppd.

DAVID O. DODD. HT. The bud is medium size, but surprises you by opening into a full double, large, rich crimson flower with flushes of scarlet. The blooms are borne singly on medium-length stems. Best-grade, 2-yr. plants, 50 cts. each, \$5 per doz., \$17.50 for 50 plants, postpaid.

Choice Hybrid Tea Roses

DUCHESS OF WELLINGTON. HT. A popular yellow variety that grows well in low places. In color the blooms are saffron-yellow with flushes of crimson, changing to a lighter shade of yellow. Best-grade, 2-yr. plants, 50 cts. each, \$5 per doz., \$17.50 for 50 plants, postpaid.

EDITOR McFARLAND. HT. A new variety introduced some five or six years ago, which has become immensely popular. The color is a clear, unfading pink. The blooms are borne on an upright-growing plant, on stiff stems which make them particularly desirable for cutting. The plant is vigorous-growing and entirely reliable. Best-grade, 2-yr. plants, 60 cts. each, \$6 per doz., \$22.50 for 50 plants, postpaid.

E. G. HILL. HT. Immense, dazzling scarlet flowers shade to a deep pure red as they develop, but without showing a trace of purple tones. The growth is vigorous, with abundant foliage, and free-flowering habit. Best-grade, 2-yr. plants, 35 cts. each, \$3.50 per doz., \$12.50 for 50 plants, postpaid.

GOLDEN DAWN. HT. This Rose may be numbered among the best of the yellow varieties. The color is sunflower-yellow flushed with old-

rose, passing to lemon-yellow as the bloom matures. In addition, the blooms are sweetly fragrant and are produced in goodly numbers. Best-grade, 2-yr. plants, 50 cts. each, \$5 per doz., \$17.50 for 50 plants, postpaid.

Grace Noll Crowell

Sensation

Syracuse

GOLDEN OPHELIA. HT. A descendant of the popular variety, Ophelia. The bloom is of medium size, golden yellow at the center but changing to a lighter shade on the outer petals. A pleasing Rose. Best-grade, 2-yr. plants, 35 cts. each, \$3.50 per doz., \$12.50 for 50 plants, postpaid.

GRACE NOLL CROWELL. HT. May well be placed among the best dozen pink Roses. The bloom is large, full double, rose-pink with a slight cream shade at the base of the petals, and with pleasing fragrance. The plant has light green foliage, a few thorns, and is a free bloomer. Best-grade, 2-yr. plants, 60 cts. each, \$6 per doz., \$22.50 for 50 plants, postpaid.

JOANNA HILL. HT. A semi-double bloom although the flowers are large and full. The color is light yellow with the reverse of the petals somewhat darker, and with a reddish tone. A moderate fragrance adds to the charm of the variety. The plant has few thorns and is a vigorous and upright grower. Best-grade, 2-yr. plants, 35 cts. each, \$3.50 per doz., \$12.50 for 50 plants, postpaid.

JULIEN POTIN. HT. Clear golden yellow, a color that holds well. The plants are erect in growth and carry many fragrant flowers. Best-grade, 2-yr. plants, 35 cts. each, \$3.50 per doz., \$12.50 for 50 plants, postpaid.

JOHN RUSSELL. HT. This variety received a gold medal in France and a similar medal in Scotland, and also a certificate of merit from the National Rose Society. The color is deep glowing crimson, almost black, and the blooms are full double but without odor. The foliage is good all summer and seems to be entirely mildew-proof. Best-grade, 2-yr. plants, 50 cts. each, \$5 per doz., \$17.50 for 50 plants, postpaid.

MARGARET McGREDY. HT. A very satisfactory Rose, with moderately fragrant orange-scarlet blooms that do not fade. The flowers are extremely large and full double. Best-grade, 2-yr. plants, 35 cts. each, \$3.50 per doz., \$12.50 for 50 plants, postpaid.

MAY WETTERN. HT. A long-pointed bud opens into a high-centered, moderately fragrant, rosy pink bloom. May be included among the best of the pink Roses. Best-grade, 2-yr. plants, 50 cts. each, \$5 per doz., \$17.50 for 50 plants, postpaid.

MEVROUW G. A. VAN ROSSEM. HT. Even in dull wet weather this variety flowers very freely. The blooms are full double, heavily flamed and shaded with orange and apricot on a golden yellow ground; the reverse of the petals is often dark bronze. Best-grade, 2-yr. plants, 50 cts. each, \$5 per doz., \$17.50 for 50 plants, postpaid.

Charles P. Kilham

Editor McFarland

Condesa de Sagato

grade, 2-yr. plants, 50 cts. each, \$5 per doz., \$17.50 for 50 plants, postpaid.

PADRE. HT. The color is coppery scarlet flushed with yellow; the blooms are semi-double, of fairly good size, carried on strong stems. The plant is a good grower and the foliage does not mildew to any extent. Best-grade, 2-yr. plants, 35 cts. each, \$3.50 per doz., \$12.50 for 50 plants, postpaid.

PATIENCE. HT. Medium-sized buds quickly become large, double, high-centered blooms, scarlet-carmine passing to orange at the base and shaded with orange-scarlet; slightly fragrant. Best-grade, 2-yr. plants, 50 cts. each, \$5 per doz., \$17.50 for 50 plants, postpaid.

PRESIDENT HERBERT HOOVER. HT. The large, semi-double blooms are a combination of cerise-pink, flame, scarlet, and yellow; the outside petals become slightly lighter as the flower ages. However, in the cool days of autumn the outer petals have splashes of red. It is one of the best of the new Roses for the South. Best-grade, 2-yr. plants, 35 cts. each, \$3.50 per doz., \$12.50 for 50 plants, postpaid.

RAPTURE. HT. Similar to Mme. Butterfly but the color is much deeper pink. The blooms are of medium size and borne on long stems. It blooms well in full sun or in light shade, and yields a great number of flowers. Best-grade, 2-yr. plants, 35 cts. each, \$3.50 per doz., \$12.50 for 50 plants, ppd.

MISS ROWENA THOM. HT. Large, long-pointed buds develop into enormous flowers which are a blending of fiery rose, mauve, and old-gold, with the center rose washed with gold. Best-grade, 2-yr. plants, 50 cts. each, \$5 per doz., \$17.50 for 50 plants, postpaid.

MRS. GEORGE SHAWYER. HT. Large, double flowers of brilliant satiny pink; quite fragrant. Plants bloom well even in dry weather. Best-grade, 2-yr. plants, 50 cts. each, \$5 per doz., \$17.50 for 50 plants, postpaid.

MRS. HENRY BOWLES. HT. A high-centered flower of a warm shade of pink with flushes of salmon. The blooms are carried on long, straight stems and remain in good condition for several days. Best-grade, 2-yr. plants, 50 cts. each, \$5 per doz., \$17.50 for 50 plants, postpaid.

MRS. U. M. ROSE. HT. In midsummer the blooms of this variety are brilliant rose-pink. Later in the season, as the weather grows colder, the color deepens and is sometimes almost red. An excellent garden variety. Best-grade, 2-yr. plants, 50 cts. each, \$5 per doz., \$17.50 for 50 plants, postpaid.

MRS. PIERRE S. DU PONT. HT. One of the finest golden yellow Roses for general garden planting. The plant is compact, growing about 2½ feet high, and is an unceasing bloomer during the entire season. A Rose we regard very highly because of its general good qualities. Best-

Julien Potin

REV. F. PAGE-ROBERTS. HT. Long, coppery red buds open into golden yellow blooms stained with red on the outside. The flowers are large, double, and fragrant. A gorgeous Rose both in size and in color of bloom. Best-grade, 2-yr. plants, 50 cts. each, \$5 per doz., \$17.50 for 50 plants, postpaid.

ROSLYN. HT. Similar to Souvenir de Claudius Pernet, but the color is a much deeper golden yellow. An excellent fragrant, lasting Rose. Best-grade, 2-yr. plants, 35 cts. each, \$3.50 per doz., \$12.50 for 50 plants, postpaid.

SENSATION. HT. The blooms are very large, double, and deep scarlet-crimson in color; slightly fragrant. Strong-growing plants that flower freely. Best-grade, 2-yr. plants, 35 cts. each, \$3.50 per doz., \$12.50 for 50 plants, postpaid.

Have you looked at the list of Cherokee Roses on page 3? These are typical southern Roses that should be in every southern garden.

Mrs. Henry Bowles

Director Rubio

SOUVENIR DE CLAUDIUS PERNET. HT. We consider this one of the most beautiful yellow Roses. The bud is large and long-pointed; the flowers are exceptionally large, double, and pure sunflower-yellow. In addition, they have a moderate fragrance and a good substance, which means that they last long after cutting. Best-grade, 2-yr. plants, 35 cts. each, \$3.50 per doz., \$12.50 for 50 plants, postpaid.

SOUVENIR DE GEORGES PERNET. HT. Oriental red with shades of yellow and the ends of the petals distinct with cochineal-carmine. A bushy, upright plant with bronzy green foliage. Best-grade, 2-yr. plants, 50 cts. each, \$5 per doz., \$17.50 for 50 plants, postpaid.

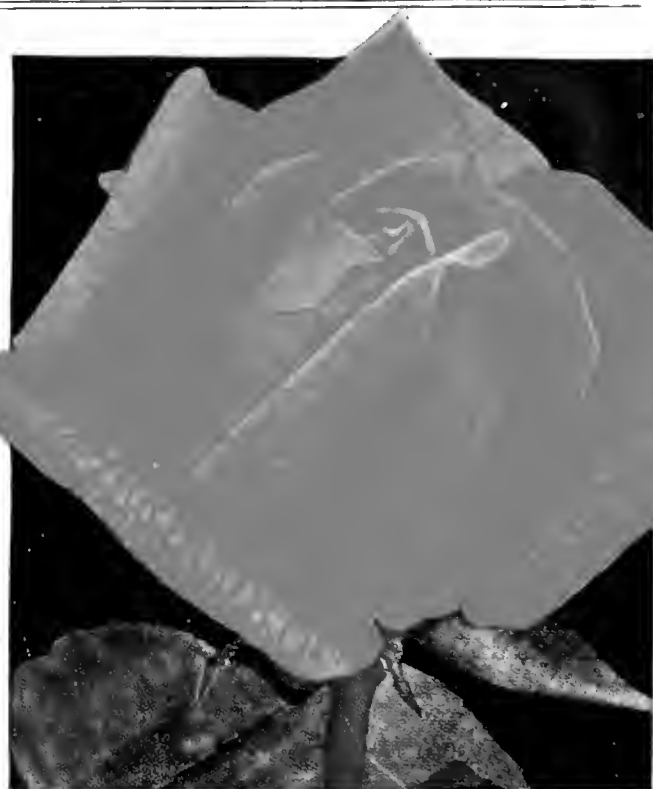

SŒUR THERESE (Sister Therese). HT. Chromium-yellow buds heavily marked with carmine; on opening, the blooms are rich daffodil-yellow and sweetly fragrant. The blooms are borne in groups of four to six on upright stems. Best-grade, 2-yr. plants, 50 cts. each, \$5 per doz., \$17.50 for 50 plants, postpaid.

SUNKIST. HT. A variety that is distinguished by deep orange-yellow bloomstinted with copper, buff, and bronzy pink. The flowers are fragrant and keep in splendid condition for several days after cutting. Best-grade, 2-yr. plants, 50 cts. each, \$5 per doz., \$17.50 for 50 plants, postpaid.

SYRACUSE. HT. The open bloom, which is borne singly on a strong stem, is full double, bright crimson in color. The petals are wavy, with outer petals recurving. A very good new red Rose. Best-grade, 2-yr. plants, 60 cts. each, \$6 per doz., \$22.50 for 50 plants, postpaid.

WILHELM KORDES. HT. A distinctly colored Rose—rich coppery red, suffused with yellow, all on a golden salmon ground. Particularly high colored early in the season and in autumn. The blooms are double, high centered, and very fragrant. Best-grade, 2-yr. plants, 50 cts. each, \$5 per doz., \$17.50 for 50 plants, postpaid.

In our fields we have a generous assortment of Flowering Shrubs and Hardy Plants. We do not issue a Catalogue of such items, but will be glad to answer your inquiries.

ALEXANDER HILL GRAY.

T. Pale lemon-yellow, deepening in the center as the flower ages. Blooms are perfectly formed and quite fragrant. The plants are moderate growers and reasonably free bloomers. Best-grade, 2-yr. plants, 50 cts. each, \$5 per doz., \$17.50 for 50 plants, postpaid.

AMERICAN BEAUTY. HP.

An old-time Rose that everyone admires because of its perfume. Both buds and flowers are very large; the color of the open bloom is deep crimson. The bush is very free blooming, carrying the flowers on long, strong stems. The plant should be well fed to produce the finest flowers. Best-grade, 2-yr. plants, 35 cts. each, \$3.50 per doz., \$12.50 for 50 plants, postpaid.

ANGELUS. HT.

High-centered, white flowers that have a slight cream tone at the center. The blooms are large, lasting, and fragrant. An excellent white variety. Best-grade, 2-yr. plants, 50 cts. each, \$5 per doz., \$17.50 for 50 plants, postpaid.

ANTOINE RIVOIRE. HT.

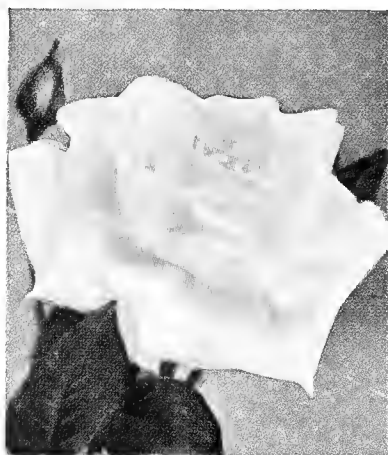

Creamy white tinted with light pink—not a faded pink but a definite color. An extra-fine Rose with large petals. Best-grade, 2-yr. plants, 50 cts. each, \$5 per doz., \$17.50 for 50 plants, postpaid.

BETTY. HT.

Fragrant, coppery pink flowers overspread with golden yellow tones. Best-grade, 2-yr. plants, 50 cts. each, \$5 per doz., \$17.50 for 50 plants, postpaid.

COLUMBIA. HT.

Glistening rose-pink. The blooms are full double, large, fragrant, and last for several days after cutting. The bush is an upright and vigorous grower. Best-grade, 2-yr. plants, 35 cts. each, \$3.50 per doz., \$12.50 for 50 plants, postpaid.

Antoine Rivoire

CRUSADER. HT.

Rich velvety crimson. One of the best varieties of this color. Best-grade, 2-yr. plants, 50 cts. each, \$5 per doz., \$17.50 for 50 plants, postpaid.

DUCHESSE DE BRABANT.

T. Soft rosy pink blooms that deepen to bright rose. The flowers are large, double, slightly fragrant, and remain in good condition for several days. Best-grade, 2-yr. plants, 50 cts. each, \$5 per doz., \$17.50 for 50 plants, postpaid.

ETOILE DE FRANCE. HT.

Clear velvety crimson, shading to bright cerise at the center. Best-grade, 2-yr. plants, 35 cts. each, \$3.50 per doz., \$12.50 for 50 plants, postpaid.

FRANCIS SCOTT KEY. HT.

A thrifty - growing plant which carries many large, deep red blooms that shade to cerise. Best-grade, 2-yr. plants, 35 cts. each, \$3.50 per doz., \$12.50 for 50 plants, postpaid.

FRAU KARL DRUSCHKI

(White American Beauty). HP. Pure snow-white blooms, very large and full; at times the opening bud has a tinge of flesh or light pink, but it soon becomes white. Best-grade, 2-yr. plants, 35c. each, \$3.50 per doz., \$12.50 for 50 plants, postpaid.

Francis Scott Key

Rosemont Standard List

This group combines the best of the well-known Roses. Some of them may be termed new varieties, and a very few are the old Roses grown in old-time gardens and loved by our grandmothers. No better Roses are produced anywhere.

Crusader

HELEN GOULD. HT.

Delicate pink at the center, changing to a darker tone at the edges of the petal; blooms are full double and quite fragrant. Best-grade, 2-yr. plants, 50 cts. each, \$5 per doz., \$17.50 for 50 plants, postpaid.

HERMOSA. C.

Light blush-pink flowers carried in groups on an average-length stem; both the bud and the bloom are of medium size, but the flower is double, with a high center and a pleasing fragrance. Best-grade, 2-yr. plants, 50c. each, \$5 per doz., \$17.50 for 50 plants, postpaid.

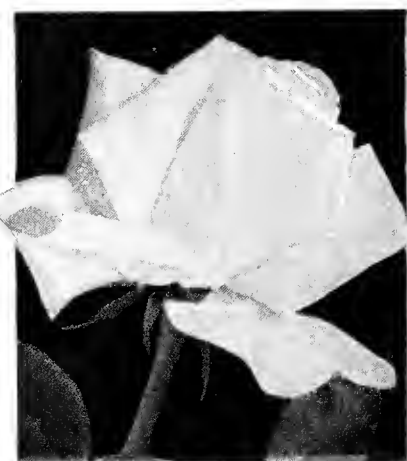

Frau Karl Druschki

JONKHEER J. L. MOCK.

HT. Clear pink with the underside of the petals very light rose or silvery white; blooms full double and exceptionally large. Plant a strong and upright grower, producing a goodly number of flowers the entire season. Best-grade, 2-yr. plants, 35c. each, \$3.50 per doz., \$12.50 for 50 plants, postpaid.

KILLARNEY, DOUBLE

WHITE. HT. Moderately fragrant, snowy white blooms are carried on medium-length stems. Not quite so free flowering as Killarney, but the beautiful blooms are highly appreciated. Best-grade, 2-yr. plants, 50 cts. each, \$5 per doz., \$17.50 for 50 plants, postpaid.

Angelus

Alexander Hill Gray

KILLARNEY QUEEN. HT.

The color is Tyrian rose, brighter than the old Killarney. The flowers are semi-double and moderately fragrant. Best - grade, 2 - yr. plants, 50 cts. each, \$5 per doz., \$17.50 for 50 plants, postpaid.

KILLARNEY WHITE. HT.

Similar to Killarney Double White, but the blooms are not quite so large or double. However, it is a favorite variety, growing well and blooming freely even under trying conditions. Best-grade, 2-yr. plants, 35 cts. each, \$3.50 per doz., \$12.50 for 50 plants, postpaid.

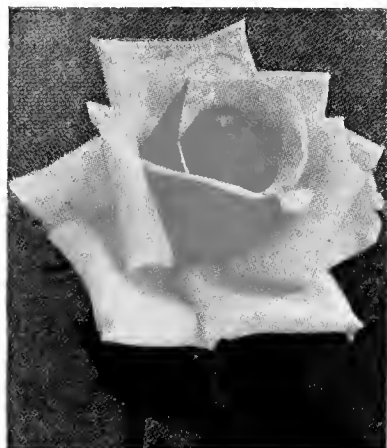

of Everblooming Roses!

Every plant offered in this group has bloomed one year in our fields. All plants are well developed, true to name, and will give satisfaction in your garden. The prices are so reasonable that you can have Roses in abundance.

LADY ASHTOWN. HT. Carmine-pink shading to golden yellow at the base. A very desirable variety blooming freely nearly all season; large, full double. Best-grade, 2-yr. plants, 35 cts. each, \$3.50 per doz., \$12.50 for 50 plants, postpaid.

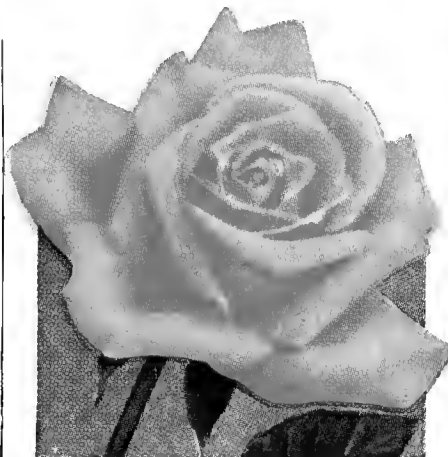

E. G. Hill. See page 7

Jonkheer J. L. Mock

LADY HILLINGDON. T. Clear golden yellow, holding its color well at all times and under all conditions. A very thrifty grower and free bloomer. Best-grade, 2-yr. plants, 35 cts. each, \$3.50 per doz., \$12.50 for 50 plants, postpaid.

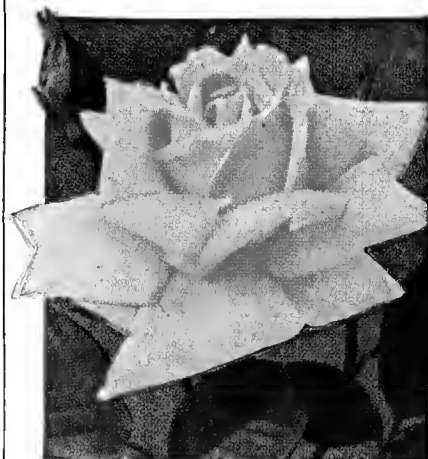

LOS ANGELES. HT. Luminous flame-pink toned with coral and shaded gold at the base of the petals. Flowers are richly fragrant and carried in profusion during the whole season. Plants may be slightly affected by black-spot. Best-grade, 2-yr. plants, 35 cts. each, \$3.50 per doz., \$12.50 for 50 plants, postpaid.

Luxembourg

LUXEMBOURG, GRANDE DUCHESSE DE. HT. Among the most beautiful and best of the deep yellow or deep orange Roses that we know. Especially desirable in the South. Best-grade, 2-yr. plants, 35 cts. each, \$3.50 per doz., \$12.50 for 50 plants, postpaid.

MAMAN COCHET. T. Rich coral-pink shading to rosy crimson. The flowers are very large, with thick, shell-like petals. Free blooming. Best-grade, 2-yr. plants, 50 cts. each, \$5 per doz., \$17.50 for 50 plants, postpaid.

Los Angeles

MAMAN COCHET, WHITE. T. A sport of Maman Cochet with creamy white flowers flushed rose on the edges. Best-grade, 2-yr. plants, 50 cts. each, \$5 per doz., \$17.50 for 50 plants, postpaid.

We do not pay transportation charges on orders amounting to less than \$1.50. Get your friends to order with you and save money.

Mme. Butterfly

METEOR. Nois. Carmine-crimson flowers that are slightly fragrant and of medium size are carried on average-length stems. The plant grows well, has few thorns, and is a continuous bloomer. Best-grade, 2-yr. plants, 50 cts. each, \$5 per doz., \$17.50 for 50 plants, postpaid.

MARY, COUNTESS OF IL-CHESTER. HT. A warm crimson-earmine-pink, a color that is always attractive. Blooms are a good size and deliciously scented. Best-grade, 2-yr. plants, 50 cts. each, \$5 per doz., \$17.50 for 50 plants, postpaid.

MISS CYNTHIA FORDE. HT. Flowers are deep brilliant rose-pink, shading to light rosy pink on the back of the petals, full double, slightly fragrant, and long lasting. Best-grade, 2-yr. plants, 50 cts. each, \$5 per doz., \$17.50 for 50 plants, postpaid.

MME. BUTTERFLY. HT. A popular variety everywhere. The buds are a pleasing shade of Indian red with yellow at the base; the blooms are bright pink suffused apricot and gold. Fine for the South. Best-grade, 2-yr. plants, 35 cts. each, \$3.50 per doz., \$12.50 for 50 plants, postpaid.

Mme. Edouard Herriot

MME. CAROLINE TESTOUT. HT. Brilliant satiny pink; the large, double flowers have broad petals and are very fragrant. Best-grade, 2-yr. plants, 50 cts. each, \$5 per doz., \$17.50 for 50 plants, postpaid.

MME. EDOUARD HERRIOT. HT. Winner of a gold cup in London, England, 1912. A handsome open flower, semi-double, coral-red shaded with yellow and bright rosy scarlet passing to shrimp-red. Best-grade, 2-yr. plants, 50 cts. each, \$5 per doz., \$17.50 for 50 plants, postpaid.

MME. JENNY GILLEMOT. HT. Brilliant saffron-yellow opening to canary-yellow shaded dark gold; blooms are very large, with immense petals. Plant quite thorny. Best-grade, 2-yr. plants, 50 cts. each, \$5 per doz., \$17.50 for 50 plants, postpaid.

MME. JULES BOUCHE. HT. Flowers white with the center shaded primrose or pale blush; full double, medium size, moderately fragrant. Best-grade, 2-yr. plants, 50 cts. each, \$5 per doz., \$17.50 for 50 plants, postpaid.

MRS. AARON WARD. HT. Indian yellow, with some blooms splashed salmon; flower is double, with a high center, and borne on stems of reasonably good length. Best-grade, 2-yr. plants, 50 cts. each, \$5 per doz., \$17.50 for 50 plants, postpaid.

MRS. B. R. CANT. T. A Rose that is especially good in late summer and early autumn, at which time it blooms very freely. The double flowers are dark red, changing to a pleasing shade of lighter red. Best-grade, 2-yr. plants, 60 cts. each, \$6 per doz., \$22.50 for 50 plants, postpaid.

MRS. CHARLES BELL. HT. Shell-pink buds that open into a globe-shaped flower of the same color with shadings of salmon. The attractiveness of the flower is enhanced by the sweet perfume. A bushy plant with healthy foliage. Best-grade, 2-yr. plants, 35 cts. each, \$3.50 per doz., \$12.50 for 50 plants, postpaid.

Six plants of one kind, or assorted, may be ordered at dozen rates. This includes all Roses in this Catalogue, except Patented Roses, pages 4 and 5.

Mrs. Henry Morse

Red Radiance

Talisman

Willowmere

ROSEMONT STANDARD LIST OF EVERBLOOMING ROSES, continued

MRS. ERSKINE PEM-BROKE THOM. HT. A long-pointed bud becomes a perfectly formed, large flower which in color is deep canary-yellow without a trace of shading. The blooms are borne singly on long stems, are moderately fragrant, and remain in good condition for a number of days. We consider it one of the best yellow Roses. Best-grade, 2-yr. plants, 35 cts. each, \$3.50 per doz., \$12.50 for 50 plants, postpaid.

MRS. HENRY MORSE. HT. Large, high-centered, double flowers with a flesh-cream ground having a sheen of bright rose shaded with vermilion and clear vermilion veinings on the petals. Best-grade, 2-yr. plants, 50 cts. each, \$5 per doz., \$17.50 for 50 plants, postpaid.

MRS. ARTHUR ROBERT WADDELL. HT. The semi-double flower, borne on a good stem, is reddish salmon with the reverse of the petals rosy scarlet, the latter tone changing to a lighter shade as the flower ages. The plant is strong growing, with bronzy green foliage. Best-grade, 2-yr. plants, 50 cts. each, \$5 per doz., \$17.50 for 50 plants, postpaid.

NATIONAL EMBLEM. HT. The fragrant, dark crimson bloom is overlaid with velvety crimson shading to vermilion at the edges. The flower has a high center, is full double and carried on a strong stem. Best-grade, 2-yr. plants, 35 cts. each, \$3.50 per doz., \$12.50 for 50 plants, postpaid.

OPHELIA. HT. The flower is of medium size but is full double, slightly fragrant, salmon-flesh shading to light yellow at the base of the petals. A dependable and popular Rose. Best-grade, 2-yr. plants, 35 cts. each, \$3.50 per doz., \$12.50 for 50 plants, postpaid.

PAUL NEYRON. HP. An old familiar variety which probably produces the largest flowers of all Roses. The blooms are very double, carried on long stems, and in color are clear pink shading to rose. As a Hybrid Perpetual it probably ranks second only to Frau Karl Druschki. In the South the plants are likely to bloom about three times each season if the faded flowers and seed-pods are clipped. Half a dozen of the huge blooms will fill an ordinary basket. Best-grade, 2-yr. plants, 35 cts. each, \$3.50 per doz., \$12.50 for 50 plants, postpaid.

PERLE DES JARDINS. T. One of the best of the old Tea Roses and should be in every Rose collection. The flowers are large, full double, richly perfumed, and clear rich yellow in color. Best-grade, 2-yr. plants, 50 cts. each, \$5 per doz., \$17.50 for 50 plants, postpaid.

RADIANCE. HT. One of the leading Roses for the South, or for any part of the country, for that matter. The buds are rose-pink, opening into large pink blooms with

Radiance, continued

a lighter tint on the reverse of the petals. The blooms are fragrant, carried very freely during the season on plants that are strong, upright growers. Best-grade, 2-yr. plants, 35 cts. each, \$3.50 per doz., \$12.50 for 50 plants, postpaid.

RED RADIANCE. HT. A fitting companion to Radiance. Blooms are great globes of deep rose-red and are produced freely until frost. If you can have but one red Rose, plant Red Radiance. Best-grade, 2-yr. plants, 35 cts. each, \$3.50 per doz., \$12.50 for 50 plants, postpaid.

ROSA HUGONIS (Father Hugo's Rose). This Rose is effectively used as a specimen shrub or for background as it grows to a height of 6 to 8 feet with long, drooping branches. The light yellow flowers are 1½ to 2½ inches across, and carried the entire length of the slender branches. The plant makes a striking display early in the season. Best-grade, 2-yr. plants, 50 cts. each, \$5 per doz., \$17.50 for 50 plants, postpaid.

SOUVENIR DE H. A. VER-SCHUREN. HT. Another very fine yellow Rose. The bud opens into a large, full, fragrant flower, cadmium-yellow in color, which passes to orange-yellow. In growth the plant is vigorous and bushy, with good foliage, and is an exceptionally free bloomer. Best-grade, 2-yr. plants, 75 cts. each, \$7.50 per doz., \$25 for 50 plants, postpaid.

SUNBURST. HT. An outstanding yellow Rose which we consider one of the best for the southern states. The color is golden orange, which varies lighter or darker according to weather conditions and the stage of development of the bloom. Best-grade, 2-yr. plants, 35 cts. each, \$3.50 per doz., \$12.50 for 50 plants, postpaid.

TALISMAN. HT. A Rose that has probably attracted more attention and received more general publicity than any other variety—and it is worth all that has been said about it. In color the bloom is exceedingly rich golden yellow and copper. The high-centered, double, lasting flower is extremely fragrant and carried on a long stem. The strong growth and free-blooming qualities add to the value of this variety. Best-grade, 2-yr. plants, 35 cts. each, \$3.50 per doz., \$12.50 for 50 plants, postpaid.

WILLOWMERE. HT. The color is shrimp-pink shading to yellow at the center and toning to carmine-pink towards the edges of the petals. The buds are tinted coral. Best-grade, 2-yr. plants, 35 cts. each, \$3.50 per doz., \$12.50 for 50 plants, postpaid.

Please Note.—Transportation charges are not prepaid on orders amounting to less than \$1.50. Make up a club with your friends and get our lower rates for quantities and transportation.

Irish Roses

Irish Roses are a class of Hybrid Teas with single flowers, or those which are only semi-double. It does not necessarily follow that these Roses are of Irish origin, but to a large extent they were introduced by the Rose-growers of the Emerald Isle.

A marked characteristic is the profuse amount of bloom carried by the plants. Many Rose fanciers consider the bud more attractive than the open flower, but in any event they both are distinctly beautiful. The blooms are carried on long sprays, and are therefore desirable for cutting. The plants are entirely hardy, grow well in open sun, and thus become a decided addition to the Rose-garden. The culture for the Irish Roses is exactly the same as that given to Hybrid Teas.

CECIL. HT. Single flowers of rich golden yellow. The blooms are very large, often 4 inches across, and carried in large clusters on long stems. The plant is bushy, branching in habit, with mildew-proof foliage, and begins to flower early in the season and continues for a considerable length of time. Best-grade, 2-yr. plants, 75 cts. each, \$7.50 per doz., postpaid.

CUBA. HT. We like this Rose because of its color, which is cardinal-red with a slight yellow tinge. The bloom is single or semi-double and remains in good condition from 24 to 36 hours. The plant is vigorous, upright in growth, and has few thorns. Best-grade, 2-yr. plants, 50 cts. each, \$5 per doz., \$17.50 for 50 plants, postpaid.

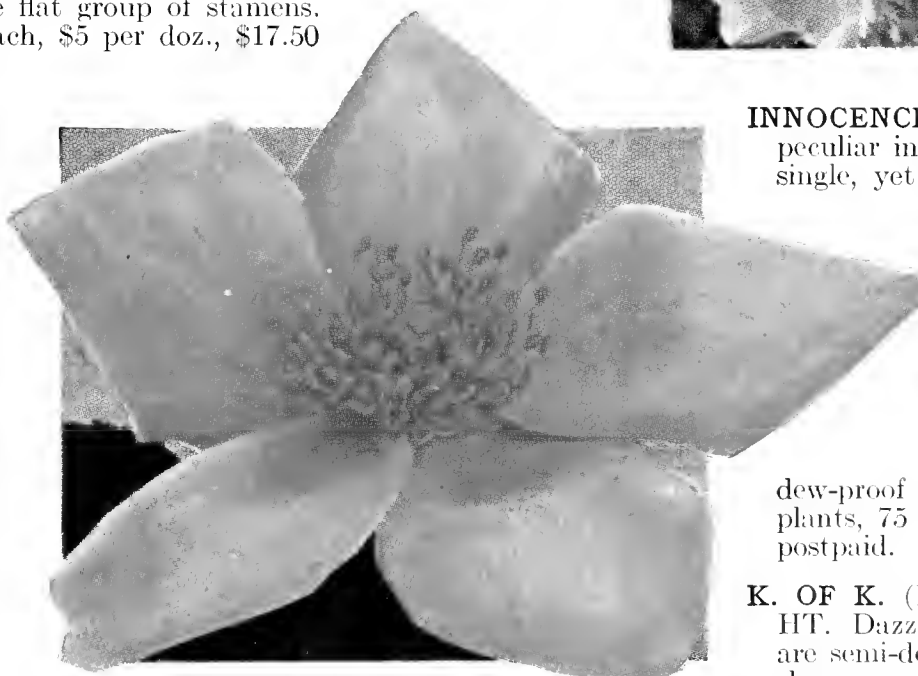

DAINTY BESS. HT. Single, broad-petaled, rose-colored flowers carried in clusters; the blooms are marked by a large flat group of stamens. Best-grade, 2-yr. plants, 50 cts. each, \$5 per doz., \$17.50 for 50 plants, postpaid.

IRISH FIREFLAME. HT. The small bud, spiral in form, is madder-rose splashed with crimson. This dainty bud opens into a large, single flower 5 inches or more across, dark orange or old-gold veined with lemon and crimson. The plant is a hardy, compact, bushy grower with bronzy green foliage. Best-grade, 2-yr. plants, 50 cts. each, \$5 per doz., \$17.50 for 50 plants, postpaid.

IRISH ELEGANCE. HT. Such a quantity of single flowers are carried during the season that the bush looks like a huge, bronzy orange-scarlet bouquet. As the flowers age they take apricot hues. Best-grade, 2-yr. plants, 50 cts. each, \$5 per doz., \$17.50 for 50 plants, postpaid.

Innocence

Cecil

INNOCENCE. HT. The flowers are peculiar in that they are considered single, yet have two rows of petals and are often 5 inches in diameter. A group of golden yellow stamens is surrounded by the pure white petals. The plant is a profuse bloomer, carrying the flowers in large clusters; in habit it is upright, with dark green, mildew-proof foliage. Best-grade, 2-yr. plants, 75 cts. each, \$7.50 per doz., postpaid.

K. OF K. (Kitchener of Khartoum). HT. Dazzling scarlet blooms, which are semi-double and have a velvety sheen, are borne during the entire season; they are lasting and extremely fragrant. Best-grade, 2-yr. plants, 50 cts. each, \$5 per doz., \$17.50 for 50 plants, postpaid.

LULU. HT. Another desirable garden Rose which has long-pointed, deep orange-red buds opening into a large, single, salmon-pink flower. The blooms may be borne singly or in groups on long, stiff stems; they have a slight fragrance and remain in good condition for a considerable period after cutting. Best-grade, 2-yr. plants, 50 cts. each, \$5 per doz., \$17.50 for 50 plants, postpaid.

Our Finest Southern Hedge Rose

A Heavy Bloomer All Summer and Fall

F. J. GROOTENDORST. Hybrid Rugosa. The blooms resemble those of the Polyantha Roses. The buds are small, opening into medium-sized, double blooms, which are bright red and slightly fragrant, with the edges of the petals serrated or cut, like a carnation. The plant is vigorous, bushy, and produces a multitude of blooms in clusters on fairly long stems. Best-grade, 2-yr. plants, 35 cts. each, \$3.50 per doz., \$12.50 for 50 plants, postpaid.

Dainty Bess

Everblooming Baby Roses

Polyantha or Baby Roses are dwarf, bushy plants, bearing many clusters of dainty flowers. They are superb for beds and borders.

Chatillon

CHATILLON. One of the best dwarf pink Roses. Slightly fragrant flowers in large trusses. Best-grade, 2-yr. plants, 50 cts. each, \$5 per doz., \$17.50 for 50 plants, postpaid.

CECILE BRUNNER. Sweetheart Rose. Sprays of rosy pink buds open into seashell-pink blooms. Best-grade, 2-yr. plants, 50 cts. each, \$5 per doz., \$17.50 for 50 plants, postpaid.

EBLOUISSANT. Dazzling red, double flowers, with slight fragrance, on medium-length stem. Best-grade, 2-yr. plants, 50 cts. each, \$5 per doz., \$17.50 for 50 plants, postpaid.

ELLEN POULSEN. Bright cherry-pink. Large bud and full double flower. Free blooming. Best-grade, 2-yr. plants, 35 cts. each, \$3.50 per doz., \$12.50 for 50 plants, postpaid.

GEORGE ELGER. Small golden yellow buds open into miniature Roses. The blooming plant resembles a huge bouquet. Best-grade, 2-yr. plants, 35 cts. each, \$3.50 per doz., \$12.50 for 50 plants, postpaid.

GLORIA MUNDI. The prettiest orange-scarlet Baby Rose we know. A winner of medals and prizes. Best-grade, 2-yr. plants, 50 cts. each, \$5 per doz., \$17.50 for 50 plants, postpaid.

GOLDEN SALMON. Orange-salmon. A novel Rose. Best-grade, 2-yr. plants, 35 cts. each, \$3.50 per doz., \$12.50 for 50 plants, postpaid.

GRUSS AN AACHEN. Salmon-tinted bud passing to orange-salmon flower with white edges. Best-grade, 2-yr. plants, 50 cts. each, \$5 per doz., \$17.50 for 50 plants, postpaid.

IDEAL. Velvety crimson trusses of fragrant flowers make a dazzling show. Best-grade, 2-yr. plants, 35 cts. each, \$3.50 per doz., \$12.50 for 50 plants, ppd.

KATHARINA ZEIMET. Multitudes of pure white, miniature flowers. Fragrant. Best-grade, 2-yr. plants, 35 cts. each, \$3.50 per doz., \$12.50 for 50 plants, postpaid.

Golden Salmon

Transportation charges are not prepaid on orders amounting to less than \$1.50

Gruss an Aachen

LAFAYETTE. Formerly called Joseph Guy. Cherry-crimson; semi-double. Best-grade, 2-yr. plants, 50 cts. each, \$5 per doz., \$17.50 for 50 plants, postpaid.

MISS EDITH CAVELL. Possibly the best dark scarlet-crimson Baby Rose. Color holds well in both sun and partial shade. Best-grade, 2-yr. plants, 35 cts. each, \$3.50 per doz., \$12.50 for 50 plants, postpaid.

ORLEANS ROSE or Red Baby Rambler. The best Rose for hedges or massing. Plants are a bouquet of bloom all summer. Best-grade, 2-yr. plants, 50 cts. each, \$5 per doz., \$17.50 for 50 plants, postpaid.

TIP-TOP. Grows about 18 inches high and is often called "Baby Doll." It blooms the entire season; the color is bright crimson shading to tones of pink, saffron, and gold. Best-grade, 2-yr. plants, 50 cts. each, \$5 per doz., \$17.50 for 50 plants, postpaid.

Etoile de Hollande

Etoile de Hollande

If you want a red, red Rose, here it is. It stands up everywhere. No need to describe it—see the picture. It's the reddest flower you can imagine. Best-grade, 2-yr. plants, 35 cts. each, \$3.50 per doz., \$12.50 for 50 plants, postpaid.

Edith Nellie Perkins

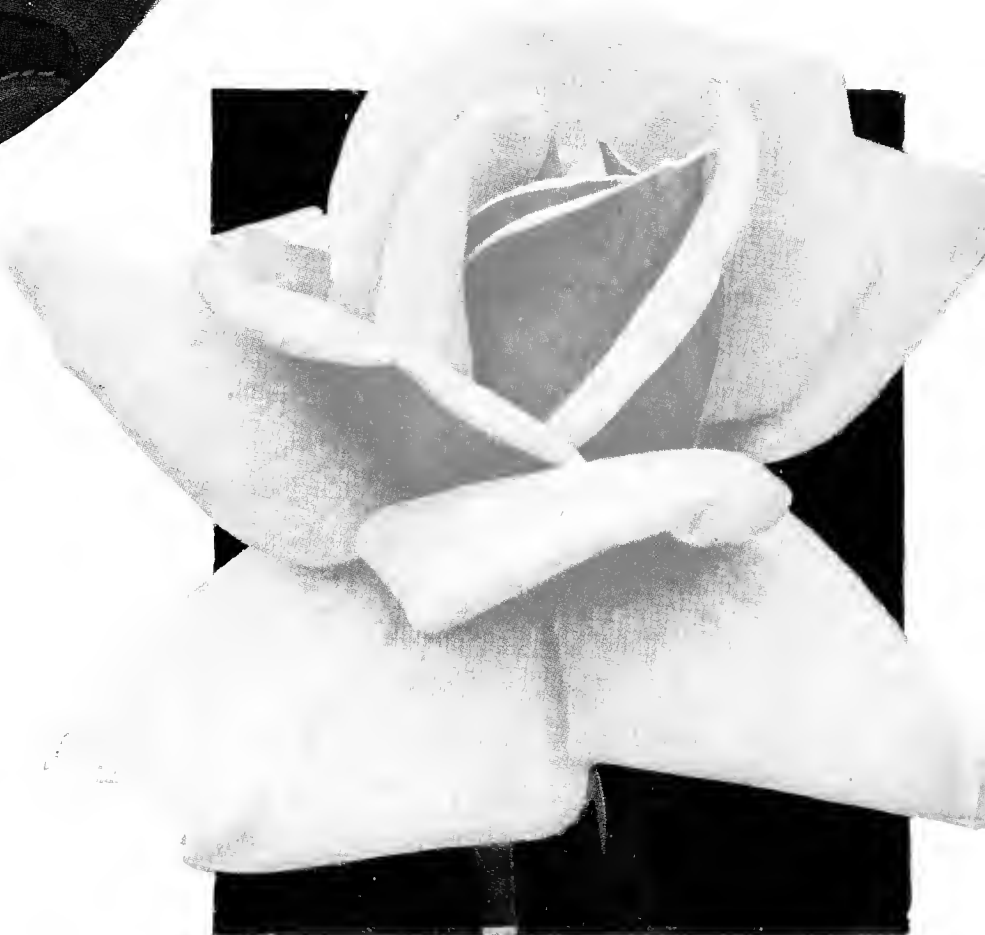

In eight years' time this Rose has become famous, as it deserves to be. The picture is good, but not as good as the flower. The color is Oriental red, cerise-orange, and salmon-pink flushed with orange. The bush is strong-growing and free-blooming. A dependable Rose for every garden. Best-grade, 2-yr. plants, 35 cts. each, \$3.50 per doz., \$12.50 for 50 plants, postpaid.

Dorothy Page-Roberts

Dorothy Page-Roberts

A bud that is long-pointed, glowing pink, becoming a large, double, fragrant, coppery pink bloom with a suffusion of yellow describes this Rose. The bush is a vigorous grower, blooming freely in June, with some flowers all summer. Best-grade, 2-yr. plants, 60 cts. each, \$6 per doz., postpaid.
